NOTICE OF EXTENSION TO THE PUBLIC COMMENT PERIOD REGARDING THE PROPOSED DECISION TO BEGIN REEVALUATION OF SECOND-GENERATION ANTICOAGULANT RODENTICIDES

Pursuant to Article 8, Subchapter 1, Chapter 2, Division 6 of Title 3 of the California Code of Regulations (3 CCR), the Director of the Department of Pesticide Regulation (DPR) proposed to begin reevaluation of pesticide products containing the second-generation anticoagulant rodenticide active ingredients brodifacoum, bromadiolone, difenacoum, and difethialone (SGARs) based on potential significant adverse impacts to non-target wildlife likely to occur from SGAR exposure. DPR stated that it would accept comments until Monday, December 17, 2018, on the proposed reevaluation. In response to multiple requests for an extension to provide comments on the proposed decision, DPR is extending the public comment period up to and including **Wednesday, January 16, 2019**.

Interested persons may submit comments on the proposed decision to begin reevaluation of SGARs to the Department of Pesticide Regulation, Pesticide Registration Branch, 1001 I Street, P.O. Box 4015, Sacramento, California 95812-4015. Additionally, comments can be submitted by email to <Rodenticide.Comments@cdpr.ca.gov>.
